My Moves Are White (white Hot, That Is)

Cobra Starship

Take my time, take it easier
Don't need no lines
'Cause my moves are hot
And I never stop girl
Hey, I know
You've heard it all before and you seen it all
Hey, I know
It's the same old song, same old song
I'm the kind of guy that you ain't ever seen before
If you wanna hit the floor, are you ready for more?
I'm the kind of guy that it ain't easy to forget
Girl, I'm gonna make you sweat
Are you ready, are you ready for more?
I may not be nice
I won't remember your name, girl
They think you understand
They could never comprehend, no
No need to explain it
Hey, I know
I talk a lot but I back it up, you got
Hey, I know
You got me all wrong, got me wrong
I'm the kind of guy that you ain't ever seen before
If you want to hit the floor, are you ready for more?
I'm the kind of guy that it ain't easy to forget
Girl, I'm gonna make you sweat
Are you ready, are you ready for more?
Boy, I know what you're gonna say
Or did you think I was born yesterday?
I know you must think, I got something to prove
But girl, I really only want to hit the floor with you
I'm the kind of guy that you ain't ever seen before
If you wanna hit the floor, are you ready for more?
I'm the kind of guy that it ain't easy to forget
Girl, I'm gonna make you sweat
Are you ready, are you ready for more?
I'm the kind of guy that you ain't ever seen before
If you wanna hit the floor, are you ready for more?
I'm the kind of guy that it ain't easy to forget

Girl, I'm gonna make you sweat
Are you ready, are you ready for more?
