

It's Life

Rock Master Scott & The Dynamic Three

I don't know what I'm doing
I say the wrong things half the time
I'm only human
Not anything you can define I'm rushing day to day
To find my way
To where I'm going
Don't try to fight me
I'm all I can be Sometimes it's hard
No matter who you are
It's life, it's life
I'm just trying to get it right Sometimes I feel
Like this whole thing isn't real
But it's life, it's life
And I'm just trying to get it, trying to get it right. I can't keep on living
Counting every breath I take
Just want to jump in
To the water so why wait I'll make mistakes
I'll take the breaks but I'll say something
Don't try to crowd me
Just give me time and give me space Sometimes it's hard
No matter who you are
It's life, it's life
I'm just trying to get it right Sometimes I feel
Like this whole thing isn't real
But it's life, it's life
And I'm just trying to get it, trying to get it right. Let's go, let's go
Everybody wants to know
Where I'm gonna go
But I still gotta fly
Staying strong, holding on Even when I get it wrong
I know that I'll survive
Check that, check that
Never gonna look back
And say that I was too afraid to try Sometimes it's hard
No matter who you are
It's life, it's life
I'm just trying to get it right Sometimes I feel
Like this whole thing isn't real
But it's life, it's life

And I'm just trying to get it, trying to get it right.
