

Soldiers

Drowning Pool

On your feet, whos with me?
On your feet, whos with me? Right One world, made better
In sleight, hard bitter
There is no compromise
Your pain, your worth, your sacrifice On your feet, whos with me?
On your feet, lets go Every time I see inside you
I see myself within you, lets go Whoah, yeah, this is for the soldiers
Whoah, yeah, this is for the soldiers
Whoah, yeah, this is for the soldiers
All for one, lets go On your feet, whos with me? Lock tide, old strain
Well, it goes in vain
There is no compromise
Your pain, your worth, your sacrifice On your feet, whos with me?
On your feet, lets go Every time I see inside you
I see myself within you, lets go Whoah, yeah, this is for the soldiers
Whoah, yeah, this is for the soldiers
Whoah, yeah, this is for the soldiers
One for all, were coming Every time I see inside you
I see myself within you
Don't let that fade away Your pride inside of me
Your honor inside me
Respect inside of, inside of me, go Whoah, yeah, this is for the soldiers
Whoah, yeah, this is for the soldiers
Whoah, yeah, this is for the soldiers
Our soldiers, lets go Whoah, yeah, this is for the soldiers
Whoah, yeah, this is for the soldiers
Whoah, yeah, this is for the soldiers
All for one, were coming Every time I see inside you
I see myself within you
Don't let that fade away Every time I see inside you
I see myself within you
Don't let that fade away
