

Wishing Well

Anastacia

I wish you well What do you think of me?
And who do you want me to be?
Not gonna let my history
Pull me down and hold me back, ya see I've learned to live my life
One minute at a time
Sometimes the things you lose
Are exactly what you will find Dreams unfold and you cast a spell
Everybody shines in the wishing well
Yeah, yeah, yeah, yeah, yeah
Close your eyes and you will see
Everybody's free in the wishing well
Yeah, yeah, yeah, yeah, yeah Why do you try to hide
Behind the truth that your heart denies?
The answer lies so deep inside
Baby, spread your wings, it's time to fly Gotta learn to live your life
One minute at a time
Sometimes the road you choose
Has the highest hills to climb Dreams unfold and you cast a spell
Everybody shines in the wishing well
Yeah, yeah, yeah, yeah, yeah
Close your eyes and you will see
Everybody's free in the wishing well
Yeah, yeah, yeah, yeah, yeah Dreams unfold and you cast a spell
Everybody shines in the wishing well
Yeah, yeah, yeah, yeah, yeah
Close your eyes and you will see
Everybody's free in the wishing well
Yeah, yeah, yeah, yeah, yeah Wishing well
Wishing well Dreams unfold and you cast a spell
Everybody shines in the wishing well
Yeah, yeah, yeah, yeah, yeah
Close your eyes and you will see
Everybody's free in the wishing well
Yeah, yeah, yeah, yeah, yeah Dreams unfold and you cast a spell
Everybody shines in the wishing well
Yeah, yeah, yeah, yeah, yeah
Close your eyes and you will see
Everybody's free in the wishing well
Yeah, yeah, yeah, yeah, yeah Dreams unfold and you cast a spell

Everybody shines in the wishing well
Yeah, yeah, yeah, yeah, yeah
Close your eyes and you will see
Everybody's free in the wishing well
Yeah, yeah, yeah, yeah, yeah Dreams unfold and you cast a spell
Everybody shines in the wishing well
