

Through the Eyes of a Child

Bobby Womack, Patti LaBelle

Sweet innocent child
With your open eyes
You've seen us for who
We really are And I know that there'll be tomorrow
So that hope can have its glory day
And I wish that this world would embrace you
For magic stars and mystery
My open heart Why did we make it so hard
This life is so complicated
Until we see it
Through the eyes of a child Why did we make it so hard
This life is so complicated
Until we see it
Through the eyes of a child I know you
I've seen your face before
You've brought me to this open door
Afraid to walk true
Please take my hand And I know that there will be tomorrow
So that hope can have this glory day
And I wish that this world embrace you
For magic stars and mystery
My open heart Why did we make it so hard
This life is so complicated
Until we see it
Through the eyes of a child
Why did we make it so hard
This life is so complicated
Until we see it
Through the eyes of a child And I see where
We'll go from here
Cause love doesn't break
With the right amount of care
In your hands is whom
You've chosen to be
Life is a freedom
Now go out there and be free Why did we make it so hard
This life is so complicated
Until we see it
Through the eyes of a child

Why did we make it so hard
This life is so complicated
Until we see it
Through the eyes of a child
