

Dancing Shoes

Arctic Monkeys

Get on your dancin' shoes
There's one thing on your mind
Hopin' they're lookin' for you
Sure you'll be rummagin' through Oh and the shit, shock, horror
You've seen your future bride
Yeah but it's oh so absurd
For you to say the first word
So you're waitin' and waitin' The only reason that you came
So what you scared for?
Well don't you always do the same?
It's what you there for Don't you know the lights are flashin'
Down in here tonight?
And some might exchange a glance
But keep pretendin' to dance Don't act like it's not happenin'
As if it's impolite
To go and mention your name
Instead you'll just do the same as they all do
And hope for the best The only reason that you came
So what you scared for?
Well don't you always do the same?
It's what you're there for, but no! Get on your dancin' shoes
You sexy little swine
Hopin' they're lookin' for you
Sure you'll be rummagin' through And I said the shit, shock, horror
You've seen your future bride, yeah
Yeah but it's oh so absurd
For you to say the first word
So you're waitin' and waitin'
