Walk Away

Jasmine V

I don't wanna talk about anymore.
You chose to leave me here to explore.
Go ahead search in the sea, there's plenty more.
But don't expect me to leave my door,
open for you.And there's no looking back,
You chose to walk the path of tearing up my heart,
Oh boy I loved you.
Look at the mess you made,
You threw a hand grenade and blew up everything,
Oh boy how could you?
But I, will never make the same mistake I'll be better.
It's time to walk away.[Instrumental Break]I'm taking my love on this open road.
You don't deserve me here anymore.
Cause these nights of me crying alone
turn my love to fear.
The pain you gave you'll never know.
I'm done with all these tears, you'll never find another me, no
oh, i'm over - oh i'm over you.And there's no looking back,
you chose to walk the path
of tearing up my heart,
Oh boy I loved you.
Look at the mess you made,
you threw a hand grenade
and blew up everything,
oh boy how could you?
But I, will never make the same mistake
I'll be better.It's time to walk away.[Instrumental Break]
