This Is Where My Heart Is

Thornley

This little map is never wrong, they say
But it was underneath the seat then
And just like your favorite song
We got lost deep inside the romanceWe always knew, we were never going home
We always knew, we were never coming home
I've always lived my life
Opened up on a shirt that's got no sleevesThis is where my heart is
This is where my heart is
This is where my heart is
This is where my heart isWhile we were on the breeze
Dark clouds were somehow keepin' up
And sifting through the seas for so long
That's gotta mess you upWe always knew, we were never going home
We always knew, oh, we'd never be alone
At least I know we tried
We passed the test but never found a homeThis is where my heart is
This is where my heart is
This is where my heart is
This is where my heart isThis is where my heart is
This is where my heart is
This is where my heart is
This is where my heart isThis is where my heart is
This is where my heart is
This is where my heart is
This is where my heart is
