

# A New Beginning

Gerry Rafferty

Looking at a new day, seeing in a new way  
Living in the here and now, forget tomorrow  
Looking at a new girl, living in a new world  
I'm changing every little thing cause I've found something new. I'm gonna make a new start, I'm gonna play a  
new part

Going down a different road, a new direction  
Now I've got a new feel, now I've got a new deal  
I'm telling everyone I know that I've found something new. Standing alone with the beat of my heart  
I don't know if I'm losing or winning  
Rescued by love and the angels above  
I'm sensing a whole new beginning. I'm looking at a new moon, listening to a new tune  
I never thought I'd find such understanding  
Now I've got a new love, that fits me like a new glove  
I'm changing every little thing 'cause I've found something new. Standing alone with the beat of my heart  
I don't know if I'm losing or winning (I'm on the way)  
Rescued by love and the angels above

I'm sensing a whole new beginning. Something new... Standing alone with the beat of my heart  
I don't know if I'm losing or winning (I'm on the way)  
Rescued by love and the angels above
