Blue Light (Engineers 'Anti-Gravity Mix)

Bloc Party

You'll find it hiding in shadows
You'll find it hiding in cupboards
It will walk you home safe every night
It will help you rememberIf that's the way it is then that's the way it is
If that's the way it is then that's the way it is
If that's the way it is then that's the way it is
If that's the way it is then that's the way it isI still feel you and the taste of cigarettes
What could I ever run to
Just tell me it's tearing you apart
Just tell me you cannot sleepIf that's way it is then that's the way it is
If that's way it is then that's the way it isAnd you didn't even notice when the sky turned blue
And you couldn't tell the difference between me and you
And I nearly didn't notice, the gentlest feeling
The gentlest feeling, the gentlest feeling
The gentlest feeling, the gentlest feelingYou are the bluest light
You are the bluest light
You are the bluest light
