Within Your Eyes

Gorky Park

I feel temptation
As every day goes by
Somewhere inside
Somewhere in time

I drift through the people
Wherever I look I take a second glance
Cause I know there is a reason
My only chance
My soul, always believing

(CHORUS)
Dreaming of one place I know
It's within your eyes
Show me the road to go
I don't know
The answer for me-where it lies
Oh, so now I'm dreaming
Living inside of those eyes

Your eyes are shinning
And every night I pray
The light of their passion
Won't fade away
My soul, always believing

(CHORUS)
Dreaing of one place I know
It's within your eyes
Show me the road to go
I don't know
The answer for me-where it lies
It's within your eyes
Oh, so now I'm dreaming
Dreaming of one place I know
