Dead And Gone

The Absence

When syllables go soundless
The sensation kills you
To the brink of burning
From the fill of your filth
Through the lacking of skillWhile walking through these walls
I've come to find no unconditionalI am now breeding fear
Deep into your soul
You may live on as nothing
I am now dead and goneReaching further into the void
Past the gates of slumber, forever nightTo a non-believer, from a distance
It seems much clearer
The total loss of mind
From suspended faith
To where it must dieI am now breeding fear
Deep into your soul
You may live on as nothing
I am now dead and goneI am now breeding fear
Deep into your soul
You may live on as nothing
I am now dead and goneIt would be senseless to drag this out
Anymore then time could wither
Clock hands corrodeLive on as nothing
You'll live on as nothingWhile walking through these walls
I've come to find no unconditionalI am now breeding fear
Deep into your soul
You may live on as nothing
I am now dead and goneI am now breeding fear
Deep into your soul
You may live on as nothing
I am now dead and goneBreeding this fear deep in your soul
I am now dead and gone
