

Kill Your Ass

Trick Daddy

I'm a fuck around and kill yo ass
I'm a fuck around and kill yo ass
Fuck around and kill yo ass
(Say what?)
I'm a fuck around and kill yo ass
I'm having a supper with some lonely motherfucker
Some little boney motherfucker
You killed my homie motherfucker
So what a real nigga 'posed to do
Get ghost and kill every bitch close to you
And you probably gone kill me if I ain't careful
Probably gone damn near me if I ain't careful
Now you fucking with the wrong nigga
I'll follow you home nigga
Ready to pull the motherfucking trigger
'Cause I ain't fucking with nobody, owe nobody
Need nobody but my shottie
See all my ex-friends was ex-cons
Most of them dead and gone
Therefore I'm ridding for 'em
I'm putting holes in you cocksucker
I'm closing shop on your block with this glock sucker
Won't be no serving on this corner
Won't be no hanging, swanging, swerving on this corner
I gives a fuck about your homie
You can play crazy if ya want to
But ya pussy when I get up on ya
But when these blades go to chopping
