One Of Those Nights

The Cab

I've been let loose and now I'm crawling up the wall
Word is I got away and now I must be caught
Don't leave, take it from me I'll be more than I can
I can't take that, I can't take that
I'm going crazy and I've been awake for days
My mirrors are stained with pain and portraits of your face
Don't leave, take it from me you're my dirty disease
I can't take that, I can't take that
My flatlined inhibition is my ammunition
I'm just fighting to get by
Just give me some direction, I'll be your affection
How could you leave me behind?
I'm a mess and your words just give me time
To give you a waste of time
One of those nights when you leave me for no reason
I'll give you a reason
If seconds heal the wounds I'll put these tips on you
I brought apologies, I tied in a bouquet
Just to find out that my face had been replaced
To see it was a breeze, I was tossed to the street
I can't take that, I can't take that
My flatlined inhibition is my ammunition
I'm just fighting to get by
Just give me some direction, I'll be your affection
How could you leave me behind?
I'm a mess and your words just give me time
To give you a waste of time
One of those nights when you leave me for no reason
I'll give you a reason
I'm a mess and your words just give me time
To give you a waste of time
One of those nights when you leave me for no reason
I'll give you a reason
If seconds heal the wounds I'll put these tips on you
When faith is left to prove it's all you have to lose
I'm a mess and your words just give me time
To give you a waste of time
One of those nights when you leave me for no reason
I'll give you a reason

I'm a mess and your words just give me time
To give you a waste of time
One of those nights when you leave me for no reason
I'll give you a reason
