In Your Silence

Just Surrender

Tell me dear how could I make this more clear
When I say this is forever and how is that so wrong
Is it too much to ask to not be alone
So what did I do wrong, I'll take it back and start over againWell, I fall asleep with you
And I wake up alone and unwanted in your silence
And I wish I could destroy you
But instead I'll just adore you and know that you were silentI'll cross my fingers tight
And sleep to dream of you
'Cause when I wake, I know I'll be alone
But it's worth it for you, for youWell, I fall asleep with you
And I wake up alone and unwanted in your silence
And I wish I could destroy you
But instead I'll just adore you and know that you were silentAnd I'd sleep through any dream for you
And I'd wait through anything
You're everything, you're everything to meWell, I fall asleep with you
And I wake up alone, and unwanted in your silence
And I wish I could destroy you
But instead I'll just adore you in your silenceWell, I fall asleep with you
And I wake up alone and unwanted in your silence
And I wish I could destroy you
But instead I'll just adore you and know that you were silent
