

Exclamation of a Necrofag (Remastered)

Hypocrisy

Your standing, in front of, all those hidden graves. ??? ??? ??? ???

Murdered people you what are you gonna say ??? ??? ??? ???

Darkness is falling, its time you realize, moon eclipse is shown in your bloodshot eyes.

Take their mind from them , have them give him mine. ??? ??? ??? ???

??? ??? ??? ??? is no way to be. Pray to your lord to spare your soul, i hell we will be.

Darkness is falling and with so its tortured your life. Demons from hell will come to walk at your side.

Angels, flying thru the sky, From hell, the best day will cost your life.
