Lady I

She's a maniac, maniac on the floor(on the floor)  
And she dancin' like she's never danced before(like a dancin' queen)  
She's a maniac, maniac on the floor (on the floor)  
And she dancin' like she's never danced before(like a dancin' queen)  
Attention everything about you attracts attention

When she moves up in that creation  
Lights the room when she dances  
Into my soul, this girls a soulja  
Took her lips, so n soulga  
As it into my soul  
(Like a dancin queen)  
She's a maniac, maniac on the floor(on the floor)  
And she dancin' like she's never danced before (like a dancin' queen)  
She's a maniac, maniac on the floor (on the floor)  
And she dancin' like she's never danced before (like a dancin' queen)
