Settle Down

The Isley Brothers

Do you think you're ready
To settle down, settle down babe
Do you think you're ready
To settle down with me babe
Do you think you're ready
To settle down, settle down with me babe
Settle down with me, babe
Settle down
Would you like a house on the hill
Overlooking the ocean side
Tell me, would you like that baby
Or how about a high-rise apartment
In Manhattan on the east side
If that's what you need, I'm here to please
Won't you settle down with me, baby
Do you think you're ready
To settle down, settle down babe
Do you think you're ready
To settle down with me babe
Yes, I want to know
Do you think you're ready
To settle down, settle down with me babe
Settle down with me, babe
Settle down
We could take a jet plane all the way to Spain
Just to buy you a wedding ring
Tell me, would you like that baby
Oh, talk to me girl
We could get married on Christmas day
On the shores of Montego Bay
If that's what you need, I'm here to please
Won't you settle down with me
If you're ready
Only if you're ready
To settle down, settle down babe
Tell me if you're ready, ready yeah
To settle down with me babe
Do you think you're ready
To settle down, settle down with me babe

Settle down, settle down
Settle down
I'm not trying to buy your love
Money ain't in it, you can't put a price on love
Tell me if I'm worthy of

Worthy of you're hand, girl let's start making plans
You're shining like a star above
You're the light of my life
Oh girl, be my wife
Settle down, baby
Oh but first
Do you think you're ready
To settle down, settle down babe
I wanna know if you're ready, tell me baby
To settle down with me babe
Do you think you're ready
To settle down, settle down with me babe
Settle down babe
Settle down
Ooh
Oh, whoa
Ooh
No no no no no no no no
Yeah yes
Oh, settle down babe
Settle down
You tell me when you're ready
I'm ready, I'm ready
To settle down, settle down babe
Do you think you're ready
I, yes I am baby
To settle down with me babe
Please tell me
You already know
When you're ready
To settle down, settle down with me babe
Yes I'm ready
Then we can settle down
Settle down babe
Settle down
I'm ready
I wanna know if you're ready
To settle down, settle down babe
Oh wee, oh it feels like you're ready babe

To settle down with me babe
I can tell if you're ready
To settle down, settle down with me babe
We need to settle down babe
Settle down
