Can I Touch You There

Shirley Bassey

You say you want a man to give you good lovin'
You want the passion with the kissin' and the huggin'
Baby, all I think about is the way it's goin' down
With your sexuality
Baby, can I touch you there
(Baby, can I touch you there)
Baby, can I touch you there
(Baby, can I touch you there)
I wanna get it everywhere
(I wanna get it everywhere)
Baby can I touch you there
Can you push my hand down there
Can I put my hand down there
Are you waiting for the next episode love
I got some more baby if you didn't get enough
Let me give you what you need
While you've got me on my knees
Are you sure you can endure
Chorus
I wanna see those legs in the air
Wanna see them up in the air

Listen to me baby
Everytime I think of you
Girl you blow my mind (my mind)
I would never be the one whose wastin' all your time
Just come with it (come on)
I'm down with it (I'm down)
Just come with it
If you're ready tonight
ooohh, ooohh, ooohh
We can do it by the refrigerator
Try some shit that we could trip off for later
Let me lick you up and down
We'll make the sexy sounds
If we set if off tonight
Chorus
Oh, baby
Does it feel good to you?

I know it does, baby
Oh yeah, Oh yeah
Baby can I touch you there
Can you play my game
Baby can I touch you there
Oh, oh, oh, oh baby
