

# Lay Down Your Goddamn Arms

BV' 2012

I?m not of this world  
you?re not in this heart  
this isn?t in me

I?m not of this world  
you?re not in this heart  
this isn?t in me

To open this box  
you can?t shoot the lock

I hide everything  
so you can?t see

Wanna fight?

Wanna fuck?

Wanna die?

Try your luck?

Lay down your goddamn arms

Wanna fight?

Wanna fuck?

Wanna die?

Try your luck?

Lay down your goddamn arms

There isn?t a key,  
you can use on me

There isn?t a key,  
so lay down your arms

arms

arms

You?re a book  
every page is written

in words

I cannot read

So i burn

gotta burn

gotta burn

gotta burn it

So i burn

gotta burn

gotta burn

gotta burn it

Wanna fight?  
Wanna fuck?  
Wanna die?  
Try your luck?  
Lay down your goddamn arms  
There isn't a key,  
you can use on me  
There isn't a key,  
so lay down your arms  
There isn't a key,  
you can use on me  
There isn't a key,  
so lay down your arms  
arms  
arms  
So i burn  
gotta burn  
gotta burn  
gotta burn it
