

# High Classed

## The Hollies

You're high classed  
Well, your taste is good  
I know I can't love you  
Like I know I should  
But we've got a good understanding  
Ah, we've got us

You wear good clothes  
When I wear rags  
You got educated friends  
But we've got a good understanding  
We've got us

We can't be seen in public  
Oh, we gotta find lowly places to go  
If they see me  
Walking with you  
Your friends'll cut you dead  
I've seen it happen, I know

[Chorus]  
You eat caviar  
When I eat toast  
You know I can't buy you  
The things you like most  
We've got a good understanding  
We've got us

Ah, sing those songs  
Break  
We can't be seen in public  
Oh, we gotta find lowly places to go  
If they see me  
Walking with you  
Your friends'll cut you dead  
I've seen it happen, I know

[Chorus]

Oh, yeah, aw, we've got us

Believe me  
We've got us
