

# Dilemma

Joe

It feels like I'm in a race  
The way I'm running to your heart, and running away from another  
a vision of your face, is enough to break a man down  
Like a ball I'm looking for cover  
I promise id be faithful, I'm trying to let you down graceful  
I don't want to make it more than it has to be  
But whose going to be grateful, and whose going to be hateful, and its all on me  
Which one will choose, which one will I lose  
Which one will I save, which heart am I gon break  
One is gonna smile, one is gonna cry, one's gon feel like living, one's gon feel she's gonna die  
This is my DELIMMA (my dilemma, my dilemma, my dilemma)  
This is my DELIMMA (my dilemma, my dilemma, my dilemma) ooa-whoa  
One is gonna smile, one is gonna cry, one's gon feel like living, one's gon feel she's gonna die  
This is my DELIMMA (my dilemma, my dilemma, my dilemma)  
This is my DELIMMA (my dilemma, my dilemma, my dilemma) whoa-ooa  
Don't want to do this face to face  
Maybe I'm making this hard, why should it go any further  
But I'm trying to find my place  
Who knew I be making a choice, between the one I love and my lover  
I know it's going to be painful, action there are shameful  
I can't even wrap my head around what's in store for me  
Someone is going to be happy and the other's gonna look right pass me, I swear I didn't mean  
How can I confuse is it one or two  
which one will I take my heart won't let me say  
One is gonna smile, one is gonna cry, one's gon feel like living, one's gon feel she's gonna die  
This is my DELIMMA (my dilemma, my dilemma, my dilemma)  
This is my DELIMMA (my dilemma, my dilemma, my dilemma)  
One is gonna smile, one is gonna cry, one's gon feel like living, one's gon feel she's gonna die  
This is my DELIMMA (my dilemma, my dilemma, my dilemma)  
This is my DELIMMA (my dilemma, my dilemma, my dilemma) Maybe I don't deserve to have one or the other  
Do you lose your desire could not feel, couldn't feel in my color  
From a distance I see them flourish; time in, karma feels up this space  
rather love, rather love should take karmas place DILEMMA, DILEMMA, DILEMMA  
One is gonna smile, one is gonna cry, one's gon feel like living, one's gon feel she's gonna die  
(my dilemma, my dilemma, my dilemma)  
(my dilemma, my dilemma, my dilemma)  
One is gonna smile, one is gonna cry, one's gon feel like living, one's gon feel she's gonna die
