

What Was Said

Cannons and Clouds

[â"±æ-Œ]I'm wishing on a shooting star, wondering what you'll be. Dancing with who, who, who. And oh, I can feel you. Oh, I want to hear you. Starting to get it back, confidence and real laugh. I hope you'll feel my way. I'm singing in the dark, walking on moonlit parks, just hoping life don't wait. And oh, I can feel you. Oh, I want to hear you. Oh, that I can see you. [â"±æ-Œ]And oh, I can feel you. Oh, I want to hear you. Oh, that I can see you. Oh, I can feel you. [â"±æ-Œ]
