The-dream

So cold, I know you can't believe it
Sometimes you gotta face the feelin'
And you don't care if you get up again
There's a thousand things I will not understand
Now you're dealin' with the hell I put you through
If I had my way I would be right there next to you
There's certain things in life you cannot change
There's certain thingsI hope you know I careI've been alone too many nights
Too proud to tell you when you're right
A little patience would have helped me then
Lot like the break has been the common standard
All the angels above the earth I prayed
Sent this message right into her head
There's certain things in life I cannot take
And I will waitI hope you know I care
I hope you know I care(I hope you know I care)
So cold, I know you can't believe it
Sometimes you gotta face the feelin'
And you don't care if you get up again
There's a thousand things I will not understand
(I hope you know I care)
Now you're dealin' with the hell I put you through
If I had my way I would be right there next to you
There's certain things in life you cannot change
There's certain thingsI hope you know I care
