Stolen

Isis + Aereogramme

We were inseparable, somehow invincible
The way you touch me deep inside left me beyond insatiable
There was no one ever
You were irreplaceable
Hit by reality, I felt my whole world freeze
Suddenly the phone ring and I dropped right down onto my knees
Choking, breaking
The clouds came over me
You left me here without goodbye
Now I can't even find a way through the light
Stolen, stolen
Is there nothing left living for?
Cuz I can't even breath enough to cry no more
Stolen, stolen
You're everywhere I go, deep printed in my soul
I can see you, hear you, feel you, smell you, like you're still at home
Sleeping beside me
I've really lost control
What am I suppose to do, I can't escape the truth
Everything reminds me of the fact that I can't be with you
Stolen

You left me here without goodbye
Now I can't even find a way through the light
Stolen, stolen
Is there nothing left living for?
Cuz I can't even breath enough to cry no more
Stolen, stolen
The touch of your skin - gone!
The sound of your voice - gone!
The look in your eyes when we used to make love - stolen...gone!
The fun and the fights - gone!
We laughed and we cried - gone!
The moments we stayed up just talking all night
Stolen from me, left with just a memory
Taken from me, I miss you every heartbeat
You left me here without goodbye
Now I can't even find a way through the light
Stolen, stolen

Is there nothing left living for?
Cuz I can't even breath enough to cry no more
Stolen, stolen
