

Wish This Rain

Dreamworld

I've seen heartache,
And I've seen pain
I've done things in my life,
I'll never do again

But I never realized,
love could hurt this bad
You can see it in my eyes
I just lost the best thing I ever had

Chorus:
Wish this rain keeps falling down,
then you won't see me cry
Wish this rain keeps falling down
and no one will know that I

Now I have nothing,
except my tears
If I say I'm sorry,
no one will hear

But I never realized,
love could hurt this bad
You can see it in my eyes
I just lost the best thing I ever had

4 x Chorus:
Wish this rain keeps falling down,
then you won't see me cry
Wish this rain keeps falling down
and no one will know that I
