

Corazon • You're Not Alone©

Prima J

Dont worry you're not alone
Baby those days are gone
I promise you itll get better, better
Corazon a corazon Sometimes I just dont get it
And I dont know why
Your heart all up in it and it still dont fly
Girl I know, yeah I know Sometimes you're feeling so low
When you gotta maintain
Nine out of ten of them run the same game
Girl I know, yeah I know Dont worry you're not alone
Baby those days are gone
I promise you itll get better, better
Corazon a corazon Dont worry you're not alone
Baby those days are gone
I promise you itll get better, better
Corazon a corazon He acts like your man
But he got girls on the side
Pain makes you hide but the truth dont lie
Girl I know, yeah I know Dont run away
Keep it real with yourself
Do it for you not for nobody else
Girl I know, yeah I know Dont worry you're not alone
Baby those days are gone
I promise you itll get better, better
Corazon a corazon Dont worry you're not alone
Baby those days are gone
I promise you itll get better, better
Corazon a corazon If you're thinking about bailing out
Im a make it better
Dont worry about falling down
Well get through this together Corazon, corazon
No, no, you're not alone
Corazon, corazon
You know this isnt gone When you're thinking about giving up
Dont you, keep on running
Stand tall, keep it real
Prima J will keep you going Corazon, corazon
No, no, you're not alone
Corazon, corazon Dont worry you're not alone

Baby those days are gone
I promise you itll get better, better
Corazon a corazonDont worry you're not alone
Baby those days are gone
I promise you itll get better, better
Corazon a corazonDont worry you're not alone
Baby those days are gone
I promise you itll get better, better
Corazon a corazonDont worry you're not alone
We're gonna keep moving on
You know that its gonna get better, better
Corazon a corazon
I promise you itll get better, better
