Heroes

Edison Chen

Not gonna miss you when you're dead and gone
Not gonna talk about you over and over and over
Not gonna file you under latest nostalgia
Nor happily ever after
Not gonna listen to your played out songs
(Played out songs)
Don't wanna think about you over and over and over
Not gonna read about the latest fads on your trendy blog
I want nothing to do with that
'Cause you've made a mess of everything
(And I'm not listening)
You're not a hero, you're a liar
You're not a savior, you're a vampire
Sucking the life out of all the friends you've ever known
You're just a train wreck, not a winner
Up on your soapbox, preaching down to the sinners
A saint without a cause
We're not listening, we're not listening
I'm gonna start a revolution
Of convoluted disillusion
(Start a revolution)
I'll lead a war with no conclusion
And in the final hour I'll be a confident coward
'Cause if we stand for nothing
We'll fall for anything
You're not a hero, you're a liar
You're not a savior, you're a vampire
Sucking the life out of all the friends you've ever known
You're just a train wreck, not a winner
Up on your soapbox, preaching down to the sinners
A saint without a cause
We're not listening, we're not listening
Yeah, this is moving in the same direction
But I'm a little too spent to care
'Cause it's a battlefield 'til it blows over
Keep your friends close and your enemies closer
We throw stuff but we live in glass houses
We talk shit like it's a cross to bear
You're only wrong until you get older

Keep your friends close and your enemies closer, enemies closer
They're gonna miss me when I'm dead and gone
They're gonna talk about me over and over and over
They're gonna file me under latest nostalgia
And happily ever after
I'm not a hero, I'm a liar
I'm not a savior, I'm a vampire
Sucking the life out of all the friends I've ever known
We're a train wreck, not winners
On a soapbox, preaching down to the sinners
Saints without a cause
We're not listening, we're not listening
We're not listening, we're not listening
