

Joy

Dan Jones

I don't want you anymore 'cause you took my joy

I don't want you anymore, you took my joy

You took my joy, I want it back

You took my joy, I want it back

I'm gonna go to west Memphis and look for my joy

Go to west Memphis and look for my joy

Maybe in west Memphis I'll find my joy

Maybe in west Memphis I'll find my joy

I'm gonna go to Slidell and look for my joy

Go to Slidell and look for my joy

Maybe in Slidell I'll find my joy

Maybe in Slidell I'll find my joy

You got no right to take my joy, I want it back

You got no right to take my joy, I want it back

You took my joy, I want it back

You took my joy, I want it back

I'm gonna go to west Memphis and look for my joy

Go to west Memphis and look for my joy

Maybe in west Memphis I'll find my joy

Maybe in west Memphis I'll find my joy

I'm gonna go to Slidell and look for my joy

Go to Slidell and look for my joy

Maybe in Slidell I'll find my joy

Maybe in Slidell I'll find my joy

I don't want you anymore 'cause you took my joy

I don't want you anymore, you took my joy

You took my joy, I want it back

You took my joy, I want it back

You took my joy, I want it back

You took my, I want it back

I'm gonna go to west Memphis

I'm gonna go to Slidell
