

God's Woman

Phil & Brenda Nicholas

(Phil & Brenda Nicholas)

God's woman
that's what I want to be
His woman for all the world to see
Him living inside of me
Joy for me

God's woman
not following the crowd
His woman
That's not what life's about
Once extends His hand
And reveals His plan

And I know
wherever he leads me
That's the place where He really needs me
And whatever the task
be great or small
I'll give to Him my all and all

I'll be humble and meek
As His love empowers me to be
God's woman
That's what I want to be
His woman for all the world to see
Him living inside of me
Joy for me

But I know
that wherever he leads me
that's the place
where He really needs me
And whatever the task
It be great or small
I've got to Him my very best and my all and all

I'll be humble and meek
As His love empowers me to be

Godâ€™s woman
Thatâ€™s what I want to be
His woman cause all the world theyâ€™re looking at me
Him living inside of me
Joy for me

Godâ€™s
Woman (thatâ€™s what I want to be)
Godâ€™s woman (Godâ€™s woman for all the world to see)
To see through me (Godâ€™s woman, thatâ€™s what I want to be)
Godâ€™s woman
His woman (Godâ€™s woman, for all the world to see)
To see through me
