

Higher Than the Mountains

[Sam Garrett](#)

Slow down and give your mind a rest
Calm down, do your best
Become one in the eyes of love
Seeking god above
Its all inside, its all inside
Im higher than the mountains
Im higher than the mountains
Slow down, you make me high
You are wise in my eyes come home
You are wise in my eyes come home
Surrender now to your heart, to your heart
Burn away all desires, become one in the eyes of love, seeking god above
Its all inside
Its all inside
Im higher than the mountains
Im higher than the mountains
Slow down, you make me high
You are wise in my eyes come home
You are wise in my eyes come home
Surrender now to your heart, to your heart
Burn away all desires, become one in the eyes of love, seeking god above
Its all inside
Its all inside
Who are you
Hare Rama Hare Rama Om
Hare Rama come and save their souls
Hare Rama Hare Rama Om
