

The Undiscovered

Rock 'n' Roll Worship Circus

And I see a color white, so bright
The earth trembles
There is a cloud
Around his throne that veils
The undiscovered So be afraid, for he is coming
In more glory than we have seen
So oceans roar
And all you creatures tell the nations
The Lord is king, the Lord is king Let all creation see
All of creation see
Let all creation see
All of creation see
All of creation see
