BabyLet'sHaveABabyBeforeBushDoSomethin'Crazy

The Coup

Baby, let's have a baby
Before Bush do somethin' crazy
Baby, let's have a baby
Before Bush do some, somethin' crazyI don't want the world to blow
Before we get a chance to let our love grow
I don't want the world to blow
Before we get a chance to let our love growI don't really wanna fuss and fight
Baby, we might have numbered nights
We might never get our money right
We could take off this patch tonightBombs goin' off everywhere
The police got me runnin' scared
But I still got love to share
Plus you know I stopped smokin' squaresBaby, let's have a baby
Before Bush do somethin' crazy
Baby, let's have a baby
Before Bush do some, somethin' crazyI don't want the world to blow
Before we get a chance to let our love grow
I don't want the world to blow
Before we get a chance to let our love growI don't really wanna fuss and fight
Baby, we might have numbered nights
We might never get our money right
We could take off this patch tonightBombs goin' off everywhere
The police got us runnin' scared
But I still got some love to share
Plus I just stopped smokin' squaresBaby, let's have a baby
Before Bush do somethin' crazy
Baby, let's have a baby
Before Bush do some, somethin' crazyI don't want the world to blow
Before we get a chance to let our love grow
I don't want the world to blow
Before we get a chance to let our love growI don't really wanna fuss and fight
Baby, we might have numbered nights
We might never get our money right
We could take off this patch tonightBombs goin' off everywhere
The police got me runnin' scared
But I still got some love to share
Plus I just stopped smokin' squaresBaby, let's have a baby
Before Bush do somethin' crazy
Baby, let's have a baby

Before Bush do some, somethin' crazyI don't want the world to blow
Before we get a chance to let our love grow
