

I Wish

Omarion

I ain't mad at you
Sometimes I wish I didnt love you but Im glad I do
I ain't mad at you
Sometimes I wish I didnt love you but Im glad I do
I ain't mad at you
Sometimes I wish I didnt love you but Im glad I do I shoulda known I, fall in love with your game
Guess, I had it comin'
Now, I cant escape what Im feelin' inside
So aint no use a runnin' But I dont know if you feelin' me the same
You gotta tell me somethin'
'Cause I dont wanna be in love with a girl
Whos way too busy frontin' I wanna go back to when
To where you were just a friend
No complications, not my heart racing
When I see you, baby But it ain't the same 'cause now
I cant resist your smile
You got me buggin', Im caught up in lovin'
And I know its crazy but I, I, I wish I didnt love you, I, I, I wish I didnt love you
I, I, I wish I didnt love you like I do
I, I, I wish I didnt love you, I, I, I wish I didnt love you
I, I, I wish I didnt love you like I do Baby, sometimes I try to act like it ain't what it is
Girl I gotta face it, 'cause I
'Cause I got you all of the time that we shared
And I dont wanna waste it, yeah You gotta hold on with dedication
So I won't even fight it
Girl, you keep a smile on my face
And I be so excited I wanna go back to when
To where you were just a friend
No complications, not my heart racing
When I see you, baby But it ain't the same 'cause now
I cant resist your smile
You got me buggin', Im caught up in lovin'
And I know its crazy but I, I, I wish I didnt love you, I, I, I wish I didnt love you
I, I, I wish I didnt love you like I do
I, I, I wish I didnt love you, I, I, I wish I didnt love you
I, I, I wish I didnt love you like I do Loving you is wrong, then I ain't right
'Cause I cant leave you alone
Babygirl, you have made my heart your home
Its forever you and me, so never leave I said, if loving you is wrong, then I ain't right

'Cause I can't leave you alone
Babygirl, you have made my heart your home
It's forever you and me, so never leave, baby, yeah I, I, I wish I didn't love you, I, I, I wish I didn't love you
I, I, I wish I didn't love you like I do
I, I, I wish I didn't love you, I, I, I wish I didn't love you
I, I, I wish I didn't love you like I do I ain't mad at you
Sometimes I wish I didn't love you but I'm glad I do
I ain't mad at you
Sometimes I wish I didn't love you but I'm glad I do
Oh, no, no
