

Shine On

MC Mario

Open up ya eyes and watch the sunrise
One part of me I've been made clear
Love that goes spread all the world
My love ya comes out of devotion
 To rule ya, spread to the world
 In strange town I'm on my mission
Where we praise the day straight our way all the nation
 Let me be the love that comes form the sun
 Let me be your rainbow rising on
 Every single race out of space
 Will shine on, shine on
 Let me be the love that comes form the sun
 I wanna be your love light from above
 Shine on, shine on, shine on
 My love ya comes out of devotion
 To rule ya spread to the world
 In strange town I'm on my mission
Where we praise the day straight our way all the nation
 Let me be the love that comes form the sun
 Let me be your rainbow rising on
 Every single race out of space
 Will shine on, shine on
 Let me be the love that comes form the sun
 I wanna be your love light from above
 Shine on, shine on, sh
