

# Criminal (feat. Kaan)

## Smiley

Somebody help me out, I feel like going crazy  
Help me out, I'm falling for my baby!  
Help me out, with everything she does  
She tells me all  
I locked her in my hear  
Cause she's a criminal! Anybody seen that girl of mine  
Always want to shine  
Always catching your attention!  
No, I can't get her out of my mind  
Forever change my life  
Gotta have her, gotta taste her, gotta do her right! And I get it that she's playing  
Keeps me wishing, keeps me guessing like you're feeling  
And I get it that she's playing  
Keeps me wishing, keeps me guessing like oh, oh! Chorus:  
Somebody help me out, I feel like going crazy  
Help me out; I'm falling for my baby!  
Help me out, with everything she does  
She tells me all  
I locked her in my hear  
Cause she's a  
Criminal, magical, chemical reaction, baby  
Criminal, magical, chemical reaction, baby  
Criminal, criminal! Yeah so great  
I love it when you walk in my way  
I believe I can fly, MJ  
Fly to the moon one day!  
It's just me and I  
I'm addicted to you, don't ask me why  
I got your back, you got my back  
Right what I want, Bonnie and Clyde!  
We strike them out like my ex-es  
Yeah, I only give a shit  
What they're talking, what they hating  
Cause you know they're on my shit!  
You're dangerous like TNT  
I play with fire to break the ice  
Think about you day and night! Chorus:  
Somebody help me out, I feel like going crazy  
Help me out; I'm falling for my baby!

Help me out, with everything she does  
She tells me all  
I locked her in my heart  
Cause she's a  
Criminal, magical, chemical reaction, baby  
Criminal, magical, chemical reaction, baby  
Criminal, magical, chemical reaction, baby (she's a criminal)  
Criminal, magical, chemical reaction, baby (she's a criminal)  
Criminal. (she's a criminal)  
Reaction, baby
