

Song #3

Reel Big Fish

Bridge to base, bridge to base, Coolie Ranx is on the case
Alongside Reel Big Fish the RBF speed relatively slow
Piflers hold tight, I like the way you shake it, baby
You get me in the mood now Piflers Reel Big fish is gonna start your party now
Yeah, Coolie Ranx is on the microphone You've got the east coast connection, west coast connection
Providing the music for your dance stimulation
Calling all nations for participation
To play dish ah one on your radio station And when we com bout now the people start scream
Because this collaboration makes the enemies grieve
We, ah nice up the scene and you know what I mean
Coolie Rankin come in Reel Big Fish, now come in Piflers Reel Big fish is gonna start your party now
Yeah, Coolie Ranx is on the microphone Launch pad turbo
Hi yah, hi yah, hey, whe di gal ah sey we rockin' it same
Way like, yo, we back in the days
We cool in ah shade we a drink we lemonade
Nuff gal dem just hot, we ah go call de brigade You see hom dem ah walk we dem pon parade
Here we live a life style man we got it made
Gwan now, baby girl, ahn no you shake
I like the way you shake it, baby
You get me in the mood now
