

Trigger

Sandrine

I've got a thing
For the way you never know
But you always steal the show
'Cause you're having so much fun I've got a thing
For the way you're always late
Never stop to hesitate
'Cause you're always on the run If I was to show you
I'd need a gun
As far as I see it
I'm already done for 'Cause I've got a thing
For your absent attitude
I think about you in the nude
And how I'd love to have your sons And I've got a thing
For you but you never know
You're too busy layin' low
And I can never move my tongue If I was to show you
I'd need a gun
As far as I see it
I'm already done for My finger's on the trigger
And I'm thinkin' of you
Yes I'm thinkin' of you
With my finger on the trigger
And I'm thinkin' of you
Yes I'm thinkin' of you
'Til I'm done If I was to show you
I'd need a gun
As far as I see it
I'm already done for My finger's on the trigger
And I'm thinkin' of you
Yes I'm thinkin' of you With my finger on the trigger
And I'm thinkin' of you
Yes I'm thinkin' of you With my finger on the trigger
And I'm thinkin' of you
Yes I'm thinkin' of you
'Til I'm done Cos I've got a thing
For the way you never know
But you always steal the show
