

Tonight (feat. Kirko Bangz)

[Don Benjamin](#)

This is my song for real no doubt
And the DJ is making me feel the doubt
As I walk you to the dancefloor, We will get to dancing.
Put your arms around me
Cause I'm probably gon' fuck you tonight
I aint tripping, we kissing, I'm probably gon' fuck you tonight
We smoking and drinking I'm probably gon' fuck you tonight
Yo bitches they hatin' they know Imma fuck you tonight
(fuck you the right way)
Seen you looking from across the club, go and talk to me
(come talk to me)
Your french don't stop keep that hatin' shit far from me
(for real)
The owner said he about to shut down the whole bar for me
(god damn)
