

# I Love You

## Ho'okena

You ask me to explain how I feel when Iâ€™m without you  
Like rainbows with no sky and eagles that canâ€™t fly  
But how do I explain all the things I feel about you  
There is no other way ~ I simply have to say  
With every sunrise I love you, I love you  
Until the sun sets I love you, I love you  
And every moment, thereafter, until the morning dew  
I love you, I love you, I love you

And time will come and go and Iâ€™ll be right here beside you  
As earth is to a tree, as sand is to the sea  
As time goes on youâ€™ll know - - you will see how much I need you  
For I will be with you, until my life is through

And every sunrise, I love you I love you  
Until the sun sets I love you I love you  
And every moment thereafter until the morning dew  
ALOHA IA OE, I love you  
With every sunrise ALOHA IA OE  
Until the sun sets, ALOHA IA OE  
And every moment thereafter  
Until the morning dew, I LOVE YOU, ALOHA  
I LOVE YOU . . . ALOHA  
ALOHA IA OE . . . I LOVE YOU . . .
