

# Closed Eye Visuals (Metalheads EZX)

## Meshuggah

Unbound to the pale and lifeless day by the multi-colored, multiform  
A spinning anti-dream unthought. Exceeding the obsolete reality  
Overheated inner shape generator. Blowing every cerebral fuse  
Insanity filtered and systematized. Feeding the tools of mind abuse  
Mind signal transmission peaked, distorted,  
bent, unrestrained  
Neuro receivers short circuit. System parameters over gained  
Nerve threads decoding the stream of the reality inverting revolution  
The patterned untruth of nondream, the closed eye visual delusion  
A frantic cellular race down the switchbacks  
of mind  
Throttling the existenc eengine. A propulsion beyond all limit lines  
Convulsive thrusts of septic energy as infected cells collide  
Unleashing the video bacterial disease. The sinew conducted pseudovision  
Mind signal transmission peaked,  
distorted, bent, unrestrained  
Neuro receivers short circuit. System parameters over gained  
Nerve threads decoding the stream of the reality inverting revolution  
The patterned untruth of nondream, the closed eye visual delusion  
Self unfolds like a disintegrating dream  
All revealed but the sinister cause  
My lying eyes come apart at the seams  
Still how could I ever regret the loss  
The self transformed into wave lengths,  
Reverberating this unyielding dream. Lost in this greedy illusion  
I'm forever devoured by the closed eye visual delusion  
A twirling visual overload Explosions of terror and  
beauty  
Colors of fear and pain within clash into unanything  
A spectra organic frenzy setting fire to the neuro highways of mind  
Revolving me away from time. A soul now rendered unassigned
