Good for You

Icona Pop

You love my love, you never gonna find better love
You hate my love because youre dead without it
You loved my love, you never gonna find better love
You hate my love , you couldnt live without itOh, you couldnt live without me
I didnt ask why, but then, why should I?
Oh, guess I was fine without you
But when I saw you so fair, you couldnt do without
Had to find out what it was all aboutYou love my love, youre never gonna find better love
(and I dont want you to)
You hate my love because youre dead without it
(you got me good for you)
You loved my love, you know youll never gonna find better love
(and I dont want you to)
You hate my love, you couldnt live without it
(you dont deserve to)Oh, you had to do the hard work
You had to lay me, I didnt disagree
You said you lost your number, and now you needed mine
Thats all you got, now get it right this timeYou love my love, youre never gonna find better love
(and I dont want you to)
You hate my love because youre dead without it
(you got me good for you)
You loved my love, you know youll never gonna find better love
(and I dont want you to)
You hate my love, you couldnt live without it
(you dont deserve to)You got me wondering why didnt we just play rough for the night
You got me wondering why shouldnt we call it a nightYou love my love, youre never gonna find better love
(and I dont want you to)
You hate my love because youre dead without it
(you got me good for you)
You loved my love, you know youll never gonna find better love
(and I dont want you to)
You hate my love, you couldnt live without it
(you dont deserve to)You love my love, youre never gonna find better love
(and I dont want you to)
You hate my love because youre dead without it
(you got me good for you)
You loved my love, you know youll never gonna find better love
(and I dont want you to)
You hate my love, you couldnt live without it

(you dont deserve to)
