

How Could You Say You Love Me

Silk

You really hurt me, you left me out in the rain
You left me nothing but a lot of memories and pain

I thought that you were happy
That we would be forever but I was wrong

I couldn't see the signs you gave
You never even let me know, no, no, no

How could you say you love me

If you really didn't mean it?

I gave you all the love I had to give
Baby, I trusted you with all my heart

You took my love, tore it apart

How could you say you love me

If you didn't mean it, if you didn't mean it?

No, no, didn't mean it

I never left your side, I was there through thick and thin

And baby when you would cry, your heart I would always mend

How could you throw love away? You left me flat right on my face

I'm so sad, my feelings all have run away

And I'm living in loneliness, so lonely, so lonely

How could you say you love me

If you really didn't mean it?

I gave you all the love I had to give
Baby, I trusted you with all my heart

You took my love, tore it apart

How could you say you love me

If you didn't mean it, if you didn't mean it?

How could you say you love me

If you really didn't mean it?

I gave you all the love I had to give
Baby, I trusted you with all my heart

You took my love, tore it apart

How could you say you love me

If you didn't mean it, if you didn't mean it?

Tore my love, tore my heart, baby

You hurt me so bad, now I'm standing here so sad

Oh, babe, oh, my, my baby

Don't know what to do

Don't know what to say

Don't know how to feel, hurt me so bad

If you didn't mean it
You shouldn't have said
