

# Crushin'

Montell Jordan

Are we crushin' tonight?  
From the bed to the floor  
Ooh, I know what you like You got that feeling  
By the look on your face  
You touch and tease me  
Now I'm ready to play My hands run up and down  
Your thighs and your waist  
You whisper  
Let's go back to my place You know that you are turning me on  
When you act this way  
There's so many ways to make love  
I am asking you baby Are we crushin' tonight?  
From the bed to the floor  
Ooh, I know what you like Are we crushin' tonight?  
From the bed to the floor  
Ooh, I know what you like  
Crushin' tonight baby Ain't nothing wrong  
With being freaky with me  
We just be crushing, living fantasies  
Crushin' tonight baby You on top of me, me on top of you  
Hitting them switches in every room  
Crushing all night through You know that you are turning me on  
When you act this way, yeah  
There's so many ways to make love  
So I am asking you baby Are we crushin' tonight?  
From the bed to the floor  
Ooh, I know what you like Are we crushin' tonight?  
From the bed to the floor  
Ooh, I know what you like When I get you home  
It's gonna be some back breaking  
Love making, wall shaking  
Working your body, so smooth, so soft  
We gonna ride till the wheels fall off It's gonna be some back breaking  
Love making, wall shaking  
Working your body, so smooth, so soft  
We gonna ride till the wheels fall off Are we crushin' tonight?  
From the bed to the floor  
Ooh, I know what you like Are we crushin' tonight?  
From the bed to the floor

Ooh, I know what you likeAre we crushin' tonight?  
From the bed to the floor  
Ooh, I know what you like
