Caterpillar

The Crystal Method

So listen closely
To what I say
Open your ears and your mind will obeySo lose your fear
Don't be afraid
To let the freaky freaky into your brain(yes, say yes)Caterpillar
Caterpillar
Caterpillar
Caterpillar
Caterpillar
Caterpillar(Take it)
(My Control...)"My rings burst forth
And the light poured in
These fluttering wings
Are what lead my to your darkness "Another picture
Another high
I post my picture baby
Don't ask me whySo lose your fear
Don't be afraid
To let the freaky freaky into your brainSo lose your fear
Don't be afraid
To let the freaky freaky into your brainCaterpillar...
