

Ainâ€™t Nothing Like You (Hoochie Coos)

Blakroc

Pure heart

I love you

Pure heart

Youâ€™re super cool

Youâ€™re live and elemental

Youâ€™re sweet and youâ€™re true

You're so true

Ooh-ooh-ooh-ooh

Youâ€™re plain and yet so special

It's nothing like you

Youâ€™re so cool

Youâ€™re sweet and rude

Youâ€™re so plain that it's special

It's nothing like you

Well aw hoo

Ooh-ooh-ooh-ooh

You make me stand up, and holla

"Do the Hoochie Coos!"

Youâ€™re so cool

They told me pain only shows you where you going

You get to laugh then that shows you where you been

And when you get the cash that only shows you how to sin

Like when you getting fast money and you blow it in the wind

Where we from success one in a million

We thought success was getting money in front the building

End of the summer we was counting up the killings

Like they killed baby boy tryna run up in the building, now,

Love: I bruised one of her rose petals

She was from the concrete and came up out the cold ghetto

But so gentle

But it appears like, on a clear light it could thunderstorm

Want some more?

Ooh-ooh-ooh-ooh

Pure heart

I love ya, pure heart

Pure heart

Uh-ooh-ooh-ooh
Ha, it's nothing like you
Youâ€™re so
Do-doo-do-doo
Youâ€™re live and elemental
Youâ€™re sweet and youâ€™re rude, so cool
And fiery too
Youâ€™re plain and elemental
Youâ€™re sweet and you're rude
Youâ€™re so true

Most say Iâ€™m politically incorrect
But most people scared, they spit it so indirect
I been accused of, same thing as you but, I refused to follow rules of who,
The complexion of politics done changed
And the computer glitch put so many problems up in the game that uh,
I'd probably still be selling â€˜caine if I, didn't get a chance at the stardom or the fame
Being humble is a hard quality to achieve when your ego is crazy with no modesty
We make good music just using The Black Keys
And I'm flyin' through the hood in my newest of black V's, Peace!

Wahoo-ooh-ooh
Youâ€™re plain and elemental
Ain't nothing like you
Your pure heart
