Watching Over You

Greg Lake

Good night, good night...
Look at that moon shine so bright.
And tonight he smiles
Especially for you.Sleep tight, sleep tight.
Know everything is alright.
And tonight I will be here
Watching over you.For tonight I will be here watching over you.
Tonight I'll be here watching over you.
Sweet dreams, sweet dreams.
It is never as real as it seems.
And in the morning when you wake up
I will be right here.Sleep on, sleep on.
For no matter how dark or how long
It may seem that your night is
I will still be here.I will still be here watching, watching over you.
So sleep, little darling, sleep on through.
So be still, be still
For you know that I always will
Tonight and forever
Be watching over you.For tonight and forever, be watching over you.
So sleep, little darling, sleep on through.I will be watching over you.
