

# All Weâ€™ve Ever Known

## The Rural Alberta Advantage

The winter's wrappin' around your throat  
Hit our life with a terrifying force and style  
Never wrong, never grown  
And all alone... all alone...It's alright, it's all you've ever known  
All alone, just hidden in the cold  
It's alright, it's all you'll ever knowWinter's wrappin' around your throat  
In our life it's the only terrifying force you know  
With all your feelings I inspired  
I know that I am scared more  
All alone, we'll shiver in the cold  
It's alright, it's all you've ever known  
It's alright, it's all you'll ever knowBack and forth time, we are terrified  
Just that band around the wrist  
Convincing your whole life  
Back and forth time, we are terrified  
Just that band around the wrist  
Convincing you you're homeAhhhhh...The winter's wrappin' around your throat  
Now our life is a terrified ghost realized  
In dusty corner, sleepy eyed  
For all she knows she's on her own  
It's alright, she's all you've ever known  
All alone, she's captured in the cold  
It's alright, she's all you've ever knownAhhhhh...
