

Don't Wanna Look Back (feat. Chrisette Michele)

Tyrese

How come it seems like
When it comes to forever
We gotta think twice
But I already know that one night
Without you girl it's just enough to make me go crazy
Ain't that the truth 'cause
'Cause even if I tried I couldn't fool ya
See every single time I'd rather choose ya
'Cause I know for sure, through all the love and war, I'm your lady
I don't wanna wait around just 'cause we got
time
You know I got your heart and I know you've got mine
So why just be alone when we could be alone together
'Cause baby I don't wanna look back
And regret and regret (regret anything oh)
And you've been here all this time
I don't, I don't wanna look back
And regret, regret anything
So let's make the most of all we know today
Ooh everything is everything
Whenever I'm around you boy (yeah)
And girl I thought had everything
Until I bumped right into you
Oh I said you could warm up my coldest shoulder
Baby I'ma sunshine when the rain is over
I'll be here through whatever
'Cause I know for sure through all the love and war we'll be together
I don't wanna wait around just 'cause we
go time
You know I got your heart and I know you've got mine
So why just be alone when we could be alone together (together)
'Cause baby I don't wanna look back
And regret and regret (regret anything oh)
And you've been here all this time (here all this time oh)
I don't, I don't wanna look back (back)
And regret, regret anything
So let's make the most of all we know today
Baby me and you should sit down and talk
'Cause there's a lot of things going on, babe (oh)
Baby I don't wanna look back and regret
That me and you didn't make up (oh)
Now baby I'm here, I'm here
(I know you ain't going nowhere)
Girl I know we're gonna be right here
'Cause baby I don't wanna look back
And regret and regret (regret anything oh)
And you've been here all this time (here all this time)

I don't wanna look back
And regret, and regret anything oh
All we know today
Oh let's make the most
For all we know today, oh
I don't want look back baby, oh oh oh
Baby I forgive you
And I hope you forgive me oh
