Plastic City

Guttural Riot

This world is artificial everything is unofficial this bitch has got potentiol everyone has gone commercial!

Plastic city, how many followers do you got? Plastic city, does this filter make me look hot? Plastic city, got a lesson that needs to be taught, plastic city, if your fake as fuck you need to be shot

Click click click the cameras on if you hate the world then sing along quick quick quick the moments gone snapchat this shit you don't have long artificial is universal lovin yourself is the biggest hurdle no one wants to be who they are they all just wanna be a star no one gives a fuck what you did today if I like your status will you go away all these people look the same and that hipster shit is fucking lame, drunk as fuck looking like a whore she hates that pic she wanna take one more, I hate you and your selfie stick your fruity vape shit makes me sick!

Plastic city, how many followers do you got? Plastic city, does this filter make me look hot? Plastic city, got a lesson that needs to be taught, plastic city, if your fake as fuck you need to be shot

I mean this from the bottom of my heart
